

THE ARMFIELD LINK

JUNE, 1990

COMMUNITY UPDATE

by Steve Kellam

STOP!!! Don't throw that hazardous waste in your trash. Fairfax County has a hazardous waste program to allow for proper disposal. Residents are encouraged to bring wastes such as pesticides, insecticides, herbicides, old gasoline, used oil, paints and paint thinners and other hazardous materials to the hazardous waste collection site. The closest site for AHA members is at the Fire and Rescue Academy located at 4600 West Ox Road. Collection will take place the first and third Saturdays of each month from 9:00 a.m. to 3:00 p.m. Any questions about this program should be directed to Fairfax County, Mr. David Duncan at 246-3937 or 246-2852. A reminder that the transfer station at West Ox Road accepts used oil and batteries during all business hours. Consider our ground water and the future when disposing of hazardous material!

Congratulations to Heather Ambrose, our new director. Officers and Committee appointments were made by the Board of Directors at the last Board meeting. They are Steve Kellam, President; Leye Chrzanowski, Vice President; Heather Ambrose, Secretary/Treasurer. The Committee Officers are:

Pool Committee, Leye Chrzanowski
Grounds Committee, Eleanor Weaver

Community Relations, Brendy Hantzes
Land Use Committee, Steve Kellam

For those of you who attended the annual meeting, thanks for your considered interest. A quorum was obtained because R & R (Saville Chase Developer) was able to establish one with their presence. Next year we probably won't have this luxury. To call an official meeting, money is utilized in mailings, announcements, and other preparations. Next year, please either attend the meeting or mail in your proxy. People who didn't bother to mail in an already stamped proxy should reflect on the outcome. Additional meetings will be required to be called until a proxy is present by mail or in person. Save us the money and a lot of hard working volunteers the frustration.

A reminder, the Board continues to work to enforce the no trash receptacle visible rule. Keep your trash receptacles out of sight. With the pool opening, parents need to review pool rules with their children. We have had a good safety record and we wish to keep everyone healthy that is using the pool. The pool parking lot is to be used for people using the pool and tennis courts. No overnight parking is permitted.

We have had complaints about children and teenagers cutting across individual homeowner property. Remind all concerned that proper access is via sidewalk, path or street. Additionally, those homeowners with dogs are reminded of the Fairfax County leash law. Residents continue to complain about dogs "doing their business" on their property. Please be considerate and control your pet.

Lastly, I want to personally thank Bill Dolan for all of his hard work in the neighborhood. Serving on the Board with Bill was an excellent experience. He has been a hard worker and did a super job as Treasurer. His insight will be missed.

BOARD OF DIRECTORS MEETING APRIL 17, 1990 MINUTES - HIGHLIGHTS

Two letters were received concerning trash in the sewer drainage area off Beech Down Dr. An individual was hired to clean the area once. The Board will review options for continued maintenance of this and other areas which seem to have trash problems. Cars/vehicles in violation of Armfield Bylaws are being tagged by the Management Company. According to Armfield attorneys, individuals who purchased a home within Armfield agree to abide by the Covenants and Bylaws of the Association. Any resident in violation of those Bylaws is breaking his/her Contractual Agreement with Armfield. It is the responsibility of the Board of Directors to enforce the

Covenants and Bylaws of the Association.

A walk through of Saville Chase is scheduled to survey and list items R & R still needs to address before the bond is released. Parcel GG in Saville Chase is still a problem in that the Record Plat shows the parcel to be conveyed to Armfield Homeowners Association but the County and R & R seem to think it will be turned over to the County. A certified letter will be sent to R & R, the Fairfax County Park Authority and the County Inspector's Office notifying them that we do not intend to turn over this parcel to the County and we do not wish R & R to attempt to do so either.

Two signs were uprooted on the pool grounds. Signs will be replaced at the entrances to the pool parking lot. No trespassing/No parking between 10 pm and 7 am signs will be placed in order to deter vandals and prosecute those in violation.

Current Armfield insurance policy will cover the swim team, swim meets and craft fairs held at the pool.

The meeting with Armfield's attorney concerning Coscan's responsibility for the problems with the pool addressed the following:
* The pool is losing water. The cause not yet determined. Tests need to be done to determine the problem(s). The cost of the tests (\$2,500) will be paid by Armfield but we will attempt to have Coscan reimburse those costs.

* Back stroke pennants will be repaved by Coscan.

* Diving insignia will not be covered by Coscan.

* Caulking at the wading pool will not be covered by Coscan.

* Coscan will attempt to repair the expansion joint in the pool.

* Coscan will put in a fenestrated drain to relieve the standing water problem in the grassy area.

* Armfield will repair the security lights but Coscan will cover the cost.

* Coscan will caulk hairline cracks in the pool deck.

There was a separate meeting with MBC, the Pool Committee chairman, and Armstrong Management to discuss problems. MBC states that the water loss problem is the only thing for which they are responsible. An independent structural engineer will come out and do some tests over the next few months. We will attempt to have Coscan cover the cost of these tests.

Jim Armstrong reported on the last meeting of the ARC which he attended along with Wes Schroeder. The committee is losing some members and will need three new members appointed. Armstrong will be preparing the ARC applications before their meetings to help the decision making process be more organized and expedient. Procedural outlines will be drawn up for the ARC to follow.

Farah Shahi is a new member of the Land Use Committee.

The committee presented to the County a point paper on our opposition to the widening of Lees Corner Rd.

Draft of common area management resolution and Release/Indemnification Agreement was presented for comment. Given Resolution #111 A-1-1990. A motion passed unanimously to accept the Resolution.

A letter was received from Fairfax County Supervisor Martha Pennino's office indicating their awareness of Armfield's address change.

ARC survey summary done by management company was provided to the Board. Approved and unapproved architectural changes were noted. Items not approved will be reviewed by the ARC.

BOARD OF DIRECTORS MEETING MARCH 20, 1990 MINUTES - HIGHLIGHTS

Minutes of Jan. 23 and Feb 22 meetings were approved. Motion passed unanimously to publish Minute highlights in the newsletter.

Management company has notified the following groups and individuals of the correct address for AHA: Land Records, Real Estate Assessment Office, Planning Commission, Environmental Management Office and the Board of Supervisors.

Postal account will be opened for newsletter and other mailings.

Management company is waiting to discuss ruts at new playground with Rec-creative. Before bill is paid they must repair ruts.

After April 28th tennis court keys must be obtained from the management company.

Outside memberships do not include tennis privileges.

There will be a \$20 registration fee for swim team with a maximum fee per family of \$50.

Coscan, Bill Marr, Steve Kellam, Leye Chrzanowski and Armstrong Management are meeting to discuss pool repairs and who is responsible for fixing these problems.

Motion passed unanimously to accept Green Thumb's bid to maintain the common ground.

Motion passed unanimously to void contract with Willie Collins the maintenance man.

A letter from Martha Pennino to Charles Waddel was passed out. Pennino now favors planning for 6 lanes for Centreville Rd. but at this time paving only to 4 lanes.

VDOT representative has drawn up plans for a 4 lane Centreville Rd. with land being acquired from the west side of the road.

Steve Kellam made a presentation at the Task Force meeting and will also make one

at next week's meeting. He will continue to make presentations at each meeting.

Heather Ambrose has been nominated to run for the Board of Directors.

Armstrong will run and oversee the election. Procedures will be the same as last year.

Analysis of the reserve fund will be made available during the Treasurer's report at the Annual Meeting.

A petition was submitted by 1/4 of the homeowners to request a Special Meeting to discuss the widening of Centreville Rd., the Comprehensive Plan Review Task Force and land use planning and community input. Petitioners have requested that if Special Meeting is in conjunction with the Annual Meeting that they be allowed to speak first. The Board has offered to include this business during the New Business time period. This offer was not accepted by the petitioners. In light of this, a motion was made and passed unanimously that arrangements be made to hold a Special Meeting in May. The Association Secretary will make arrangements to use the cafeteria of Franklin Intermediate School.

Motion passed unanimously to renew a C.D. at the highest possible rate available for 12 months.

POOL NEWS

By Leye Chrzanowski

Swim lessons will be provided by Crystal Aquatics after school gets out. The cost will be \$25 for ten half hour lessons. Private lessons will be available at a rate of \$8 per half hour lesson. Check with the guards for dates and times.

Remember if your assessments are not paid in full you cannot be admitted to the pool. This also means that your children cannot swim on the swim team. Get those assessments in!!

The pool will open late (approximately 12:30 p.m.) for swimming on 23 June and 30 June. The reason for the delayed openings on those days is our Armfield Stingrays Swim Team will be competing. Don't stay away! Come out and cheer them on - especially on 23 June since that is their first meet! 21 and 25 July you will also have an opportunity to cheer them on.

Did you know that we had three barbecue grills available at the pool on a first come, first serve basis? You have to bring the charcoal, starter and of course, the food but you are welcome to use them in the grassy area ONLY. Ask the guards for the grill.

We are looking for someone to save the association some money. We would like to build some shelves (nothing fancy) in one of our storage cupboards. We will provide the material - we just need someone to provide the know

how and the brawn. Give me a call at 437-6635 if you would like to help us. I can also be reached at that number if you would like to join the pool committee. Enjoy your summer!

SWIM TEAM

by Moira Harper

We are off to a wonderful start! To date we have 40 children signed up for the team which is marvelous. Parents have shown lots of enthusiasm and willingness to help, and with this attitude, I think we shall have a successful season. There are sixteen teams in Colonial Swim League and we are seeded #16!!! No real surprise. Our first meet is on June 23rd and will be at our pool. The pool will not open until about 12:30 on this day. I now have the schedule and will be posting the dates when the pool will be closed on the bulletin board.

We are all set to start practice at 4:00 p.m. on Tuesday, May 29th. I shall endeavor to keep parents informed on a day to day basis.

Meanwhile - if you missed registration please call Moira Harper at 481-5482. If you missed swim suit sales call Joanne Burger at 437-8359.

We would like to thank Debbie Young for organizing a very successful M & M fundraiser. If you have M & M's or money to turn in please contact Debbie at 689-9750.

Remember - we shall be accepting registrations all through the summer. We are in need of 15-18 boys, 13-14 boys and girls and 11-12 girls. It would be nice if we could put together relays in all age groups.

GROUND'S COMMITTEE UPDATE

By Eleanor Weaver

Cable is still being installed in sections 3, 4, 5 and 6. There were some problems boring under driveways on Springhaven due to the dense rock. Media General is repairing the driveways and will also plant grass seed to restore the grounds to their pre-existing condition. In addition, Media General will provide landscaping around some of the amplifiers and larger cable boxes. This will be done near the completion of their project.

We are continuing to work with Green Thumb with the grounds maintenance. Several bad areas of poison ivy have been identified and will be treated soon.

Street light petitions are still being circulated in section 4.

The Department of Environmental Management's County Arborist, Mrs. Randall, addressed a question raised at the annual meeting concerning removal of large trees from private property. According to Mrs. Randall, a homeowner can have up to 5,000 square feet of trees removed without County permits.

Letters were sent out to Mrs. Pennino, Fairfax County Park Authority, Fairfax County Inspector, and Richmarr regarding parcel GG in Saville Chase. The field is deeded to Armfield Homeowners Association and we notified them of our intentions to retain the parcel as Association property.

Letters have also been sent out to Richmarr and several county offices to address bond release issues in Saville Chase. Any Saville Chase residents who have noticed problems in the common area please call me at 471-6258 so that we can have Richmarr correct them.

LAND USE COMMITTEE

By Steve Kellam

I received a couple of questions at the Annual Meeting which I want to address. The first question dealt with the resurfacing and realignment of Lees Corner Road. Why did VDOT do it and are they aware of the hazard they have created. The second question dealt with the timer on the light at Route 50 and Lees Corner during early morning hours. A suggestion was made that a traffic sensor should be utilized during off peak hours. I was also asked what they were doing with the bridge on Lees Corner. Phone calls to VDOT resulted in one answer. The bridge was simply being redone due to deterioration with no improvements except new side rails. This will be old news by the time this is published. I have sent a letter to VDOT

on the other two issues. The letter was mailed May 8th.

Based on information received from the Centreville Road Citizens Coalition, I put together a proposed letter for AHA residents. After Board approval, it was distributed the weekend of 12 & 13 May. This handout asked you to sign a letter favoring acquisition of property for six lanes on Centreville Road but favoring building four lanes at this time. The most recent VDOT plan was to build 6 lanes from Herndon to McCleary Rd. and leave it two lanes after that. Talk about a bottle neck!! A meeting was to take place the 21st on this issue. Since the newsletter deadline is prior to that, I will update you with other information via the next Newsletter or a flyer if urgently required.

I continue to attend Centreville Task Force meetings. I hope to present a paper opposing the extension of Springhaven Drive at the next meeting. Don't forget to write letters to the Board of Supervisors and the Planning Commission on the issues. Only you can represent your individual opinion on growth issues. Without your continued input at the County level, you may be looking at increased density in the Ox Hill and Chantilly Estates, along with a 6 lane Centreville Road, 4 lane Lees Corner Road and Springhaven Drive becoming a cut through for traffic between Centreville Road and the Fairfax Parkway. Stay involved!

ARC UPDATE

By Linda DeFuria

We are pleased to announce our 1990 ARC as approved by the Board of Directors. They include:

Jay Farr - 1 year
Sharon Strama - 1 year
Mary Kefalas - 2 years
Ted Zeally - 3 years
Linda DeFuria - 3 years

In order to clarify application requirements and expedite the approval process please note the following (include with your application).

- 1) Completed application
 - a. FULL description of alteration, picture if available, material, color, design, etc.
 - b. Neighbor's signature - PLEASE COOPERATE - THIS MEANS AWARENESS OF CHANGE - DOES NOT MEAN ONE IS GIVING APPROVAL!
- 2) Plat of property with intended alteration shown as close to scale as possible.
- 3) Front, back both sides and top (or bird's eye) views of intended alteration.

I hope this information is helpful to you. Any questions should be directed to Armstrong Management at 385-1133. The completed application should be sent to the management company no later than one week prior to the ARC meeting!!!

You will be notified by mail of the ARC's decision regarding your requested alteration. We urge you to please refrain from calling ARC members and to utilize the management company for all of your inquiries.

Thank you for your cooperation and we look forward to an improved process. Hopefully this information has clarified some of your questions. Remember to utilize our Management Company!

NEIGHBORHOOD WATCH

By Joanne Burger

Do you drive through the neighborhood most every day? Do you walk your child or your dog? Do you bike, run or walk for exercise? Are you home during the day or evening and occasionally look out your window? Then YOU would be perfect for Neighborhood Watch!!!! There's a one hour training session on July 24 (note not June as originally scheduled) at 7:30 pm at Chantilly High school in room C-121. Mark your calendar now and plan to attend!! If you have any questions call me at 437-8359. Thank you.

WELCOMING COMMITTEE

TO: All New Homeowners
FROM: Welcoming Committee
RE: Armfield Homeowners
Survival Kit

If you are new to our community and have not yet received your kit, please call Brendy Hantzes at 631-3618.

YOU'RE INVITED

The following social events are being planned for tentatively. There will be sign up sheets located at the pool for individuals to volunteer to help organize and execute these events. If we don't have volunteers to help plan the events we will not be able to hold them this year.

Children's Party - July
weekday 1:00-3:00. Party will be a Dinosaur Party hosted by Dr. Peter Kranz. Appropriate ages 4-10. Following the party there will be ice cream for everyone. During the party the pool will be closed.

Pre-teen Party - July Friday
6:00-9:00. Ages 10-13. Pizza, beverages and munchies will be provided. Also we will need someone to bring equipment for playing music as well as tapes to play.

Teen Party - August Saturday
7:30-11:30. Ages 13-18. Snacks and beverages will be provided. We will need someone to bring equipment for playing music and will need people to bring tapes. Also we will of course need chaperones for this party and the pre-teen party.

Adult Party - August Saturday
8:00-12:00. Ages 19-up. Beverages and some snacks will be provided, but please bring your favorite hors d'oeuvres and/or imbibement.

LETTERS TO THE EDITOR

TO: Armfield Editor
FROM: B. Laffitte-Smith
RE: Centreville Road

On May 21, 1990 the Board of Supervisors will reach their final decision concerning the widening of Centreville Rd. Prior to that decision, members of the Centreville Coalition have met with most of the Supervisors. On May 6, we met with Chairman Audrey Moore in her office. Here are a few points that were discussed:

- VDOT's only motive to widen Centreville Road to 6 lanes was that it would be cheaper to do it now than in 6 years.

- Transportation Advisory Committee (TAC) recommends a 6 lane acquisition but 4 lane construction.

- Chairman Audrey Moore believes that 6 lanes in the future will be necessary because of the new Bill 170 (Rt. 28 District) but WILL SIDE with Mrs. Pennino's proposal and the Centreville Coalition, if grading and drainage are done when the four lane construction begins. This would minimize the cost of construction for the remaining lanes. The changes from 4 lanes to 6 lanes may take place in 6 to 12 years. After the County reaches its decision, the State will decide the final outcome. No date has been fixed yet.

NOTE: THIS INFORMATION IS PROVIDED AS A SERVICE AND IS NOT AN ENDORSEMENT BY THE ASSOCIATION.

THE LEES CORNER BABYSITTING CO-OP

The Lees Corner Babysitting Co-op is looking for some new members! Anyone living in Lees Corner I or II, Armfield Farms or Saville Chase is welcome to join.

As you know day care and babysitting services are expensive and hard to find, so we have devised a way to overcome this problem. We have formed an organization to meet our babysitting needs. Our Co-op offers responsible and available child care on an

irregular and temporary basis. We are not a day care or paid babysitting service. We use coupons in exchange for time so there is no money exchanged or involved.

Our purpose is to enable parents to leave their children and feel secure that they are being well cared for and also have the convenience of exchanging time rather than money. By using the Co-op members can enjoy many activities with their children and they can also have some time to go to the Doctor or even do some shopping.

As a member you will get a copy of the Bylaws and 20 coupons to exchange for sitting. All we ask in return when you join is to attend the business meetings every other month, pay \$2 dues per year (money goes towards planned activities and parties) and participate in planned events, (usually every other month and geared for family participation.

This Co-op not only benefits the mother by enabling her to make new friends in her own neighborhood and by finding responsible child care, but it benefits the children by enabling them to find playmates their own age. Fathers are also encouraged to participate and are welcome to join us in any planned activities.

So whether you've just moved in or have been here several years; whether or not you work, give us a call and meet new people and have fun!!

Our next activity will be on June 7th at 7:30 p.m. It is a Mom's Night Out at Jakes Rib Place on Lee Highway. Anyone interested in attending should call Brendy at 631-3618 by June 6th. Our next business meeting is scheduled for July 9th at 7:30 at Pat LoSecco's house. Call Suzanne Tsonos at 437-6094 for further information on the meeting and on joining.

Happy Belated Birthday to:
Nick Hantzes

Happy Belated Birthday to:
Trish & Troy Coggins

Happy Birthday to:
Brendy Hantzes

KLASSY KIDS

CONGRATULATIONS to Melissa Jordana for perfect attendance in Dance for the 6th year in a row!! After 7 years of Dance (tap and jazz), and 4 years of Ballet, you'll surely do well in all the Recitals coming up!!! Good Luck!!!!!!!!!!

COMMUNITY COMMENTS

Please note the following correction:

May 1990, Armfield Link. Land Use Committee Report, 18 lines read: "The Comprehensive Plan indicates that Lees Corner Road will be four lanes and Centreville Road will be six lanes." Please note that the Comprehensive Plan calls for Centreville Road to be four lanes and Lees Corner Road to be two lanes. Any changes to the Comprehensive Plan would have to be amended by the Board of Supervisors.

EARTH DAY
Earth Day - April 22nd 1990
Gone, but not forgotten ...
...hopefully!!!

When you go to throw something away - Stop! Think, "can this be recycled?"
and take action!

Recycling Information

Fairfax County Waste Management - Recycling 246-5052
Fairfax County has recycling bins for: Newspaper, Aluminum Cans, and Glass.

2 Nearby locations:

Transfer Station
4618 West Ox Road
Fairfax, VA

Eleanor C. Lawrence Park
5000 Sully Road
Centreville, VA

Other items can be recycled through private companies such as:

Metro Recycling
207-9104
2801 Dorr Avenue
Fairfax, VA 22031

They're located in the business
center across from the
Merrifield Post Office.

They Take: Plastics - Milk Cartons
2 Litter soda bottles
Liquid detergent bottles

Cardboard - Any kind.
(Remove cereal box
liners, etc.)

Food Cans - (Remove labels)

Glass - Sort by color

Tips for recycling

Set aside some boxes or bags in a corner of your basement, garage or laundry room. Mark them with labels: "Glass" "Aluminum Cans", "Plastics" "Cardboard" "Food Cans" and "Newspapers". Sort your trash. Then, once a month, or whenever you find it necessary or convenient, take everything to a recycling center.

Glass needs to be sorted by color before dropping in the bins. Remove lids, but no need to remove labels.

Rinse all cans, bottle, and jars. They ask that you do this, but in order to store the containers in any part of your house, you would want to be sure they were rinsed anyway so as to not attract any bugs or rodents!

Boxes, such as cereal boxes and other food package fold into a flat, compact size by opening the bottom of the box.

Even the smallest efforts of recycling are worthwhile and helpful to our environment. The bigger the efforts, the more good they can do.
For more info, call either of the phone numbers listed above.

The trash companies continue to pick up newspapers on alternate Wednesdays.

Tracy Jordana

LAST MINUTE
NEWS UPDATE !!!

May 21...Board of Supervisors unanimously agreed to 4 lane construction of Centreville Road from Frying Pan Rd. to Route 50 with 6 lane right of way acquisition. Frying Pan Rd. to the Dulles Access Road will still be constructed to 6 lanes. This proposal will now go to the Commonwealth Transportation Committee for final approval. Stay tuned for more information and stay concerned !!!!!!!!!!!

ATTENTION-ATTENTION

WATER AEROBICS WILL BE OFFERED
AT THE POOL THIS SUMMER !!!!!
Busy Bodies Aerobics Studio located in the Franklin Farm Village Center will be offering water aerobics to any and all pool members. Class times and dates have yet to be determined. Costs will range between \$32.00 to \$48.00. Classes will be held in 4 week sessions. In order to hold class there must be at least 10 people signed up. Registration forms are available at the pool. For further information please call Busy Bodies at 478-0444.
